About De Profundis Productions

De Profundis Productions was started in 2000 by British actress

Amanda J Fleming in collaboration with director Paul T Thorpe.

The company enjoyed years of performing plays and comedy pantos.

Eventually De Profundis which means (out of the depths) moved into a

new genre "GOTHIC HORROR", and thus began the preparations to

bring to you our one hour gothic horror "Countess"

Amanda J Fleming Theatre Director/Filmmaker

"Countess" was performed, in its completed form, at a wonderfully gothic Victorian church in Todmorden, West Yorkshire, with a sell-out audience every night. So, we knew this would be an amazing show to tour gothic, historical & immersive venues around the UK.

We aim to tour gothic stories nationwide starting with "Countess" and then moving on to both new and already known gothic plays such as "Liz Lochead's *Dracula*," "Mary Shelly's *Frankenstein*".

We at Dep Profundis Productions would like you to be a part of our epic gothic endeavour.

We bring diversity to you; directed by women; produced by women, and a majority of the roles are written as females, empowering women in the theatrical profession and encouraging more to get involved.

Now a little about The Show.

This one-hour play is an immersive piece of theatre which incorporates the audience in such a way as to make them feel they are actually within the rooms of the Countess. The public are like flies on the wall; voyeurs to the past. The audience are advised on entering that the Countess cannot see them but she may be able to sense them, or feel them.

You as a participant, are seeing and stepping through the veil of time, to witness her decadent, demon-filled descent into madness.

TECHNICAL SPECIFICATIONS

The Cast, Set, Costumes, Costings and locations.

There are 7 cast members (one of them triples up to play 3 victims).

We have our own set, costumes, lighting and sound for performing at historical and non-historical venues which have no access to theatrical set ups.

If your venue has lighting and sound set up & Technician, this is most welcome.

We can perform almost anywhere, and for any event, conferences, team building events, historical weekends, theatres, barns, village halls, in the round, traverse, ruined castles, stately homes etc.

The only venue that will not work is a "proscenium arch" (a traditional design with raised a stage and wooden arched top and an open/close curtain) as our plays are immersive and requires the audience to be around the cast and amongst them.

The cost per individual show would be £800 plus travel costs.

Also, if you require longer periods, we can negotiate on the prices as most clients book us for 3 days or more.

We look forward to hearing from you.
